The Frequency and Importance of Common $\alpha$-globin Gene Deletions Among $\beta$-Thalassemia Carriers in an Iranian Population

Azam Moosavi and Ali M. Ardekani

The Editorial Board of Avicenna Journal of Medical Biotechnology (AJMB) has decided to retract the original article entitled “The Frequency and Importance of Common $\alpha$-globin Gene Deletions Among $\beta$-Thalassemia Carriers in an Iranian Population” published in the October-December 2017 issue due to a fact which is contrary to the scientific rules and regulation of AJMB.
